1.1 Test ID : 58 - Verify ESS user can delete memberships

Field Label	Field Value	Field Label	Field Value
Test Name	Verify ESS user can delete memberships	Type	MANUAL
Designer	alm12()	Creation Date	9/6/16
Execution Status	Blocked	Subject	My Info

Description

Verify ESS user can delete memberships

1.1.1 Design Steps

Step Name	Description	Expected Result
Step 1	Login to ESS user account with valid username and password	login should be successfull and dashboard page should be viewed
Step 2	click on My Info Tab	My info module should open
Step 3	click on memberships	memberships page should be viewed
Step 4	select the membership to be deleted	membership detail should be selected
Step 5	click on delete	sucesfully deleted

1.2 Test ID : 57 - Verify ESS user can add multiple memberships

Field Label	Field Value	Field Label	Field Value
Test Name	Verify ESS user can add multiple memberships	Type	MANUAL
Designer	alm12()	Creation Date	9/6/16
Execution Status	Failed	Subject	My Info

Description

Verify ESS user can add multiple memberships

1.2.1 Design Steps

Step Name	Description	Expected Result
Step 1	Login to ESS user account with valid username and password	login should be successfull and dashboard page should be viewed
Step 2	click on My Info Tab	My info module should open

Step 3	click on memberships	memberships page should be viewed
Step 4	click on add	memberships details page should open
Step 5	enter memberships details	memberships details should be entered
Step 6	click on save	successfully saved
Step 7	redo the step 4 to 7 again to verify multiple membership details can be added	multiple membership details should be added, successfully saved

1.3 Test ID : 56 - Verify ESS user can view memberships

Field Label	Field Value	Field Label	Field Value
Test Name	Verify ESS user can view memberships	Type	MANUAL
Designer	alm12()	Creation Date	9/6/16
Execution Status	Passed	Subject	My Info

Description

Verify ESS user can view memberships

1.3.1 Design Steps

Step Name	Description	Expected Result
Step 1	Login to ESS user account with valid username and password	login should be successful and dashboard page should be viewed
Step 2	click on My Info Tab	My info module should open
Step 3	click on memberships	memberships page should be viewed

1.4 Test ID : 55 - Verify ESS user can delete attachments from qualifications

Field Label	Field Value	Field Label	Field Value
Test Name	Verify ESS user can delete attachments from qualifications	Type	MANUAL
Designer	alm12()	Creation Date	9/6/16
Execution Status	Passed	Subject	My Info

Description

Verify ESS user can delete attachments from qualifications

1.4.1 Design Steps

Step Name	Description	Expected Result
Step 1	Login to ESS user account with valid username and password	login should be successfull and dashboard page should be viewed
Step 2	click on My Info Tab	My info module should open
Step 3	click on qualifications	qualifications page should be viewed
Step 4	select the attachment to be deleted	attachment should be selected
Step 5	click on delete	successfully deleted

1.5 Test ID : 54 - Verify ESS user can add attachments and write comment to qualifications

Field Label	Field Value	Field Label	Field Value
Test Name	Verify ESS user can add attachments and write comment to qualifications	Type	MANUAL
Designer	alm12()	Creation Date	9/6/16
Execution Status	Passed	Subject	My Info

Description

Verify ESS user can add attachments and write comment to qualifications

1.5.1 Design Steps

Step Name	Description	Expected Result
Step 1	Login to ESS user account with valid username and password	login should be successfull and dashboard page should be viewed
Step 2	click on My Info Tab	My info module should open
Step 3	click on qualifications	qualifications page should be viewed
Step 4	click on add button under attachments	choose file window should open
Step 5	click on choose file	file search window should open
Step 6	select the file under 1MB size	file selecting should be done
Step 7	write a comment	comment should be typed
Step 8	click on upload button	Successfully uploaded

1.6 Test ID : 53 - Verify ESS user can delete licenses from qualification details

Field Label	Field Value	Field Label	Field Value
Test Name	Verify ESS user can delete licenses from qualification details	Type	MANUAL
Designer	alm12()	Creation Date	9/6/16
Execution Status	Blocked	Subject	My Info

Description

Verify ESS user can delete licenses from qualification details

1.6.1 Design Steps

Step Name	Description	Expected Result
Step 1	Login to ESS user account with valid username and password	login should be successfull and dashboard page should be viewed
Step 2	click on My Info Tab	My info module should open
Step 3	click on qualification	qualification page should be viewed
Step 4	select the license to be deleted	license should be selected
Step 5	click on delete	successfully deleted

1.7 Test ID : 52 - Verify ESS user can add multiple licenses to qualification details

Field Label	Field Value	Field Label	Field Value
Test Name	Verify ESS user can add multiple licenses to qualification details	Type	MANUAL
Designer	alm12()	Creation Date	9/6/16
Execution Status	Failed	Subject	My Info

Description

Verify ESS user can add multiple licences to qualification details

1.7.1 Design Steps

Step Name	Description	Expected Result
Step 1	Login to ESS user account with valid username and password	login should be successfull and dashboard page should be viewed
Step 2	click on My Info Tab	My info module should open
Step 3	click on qualifications	qualifications page should be viewed

Step 4	click on add under license	license details page should open
Step 5	enter license details	license details should be entered
Step 6	click on save	successfully saved
Step 7	redo the step 4 to 7 again to verify multiple license details can be added	multiple license details should be added, successfully saved

1.8 Test ID : 51 - Verify ESS user can delete languages from qualification details

Field Label	Field Value	Field Label	Field Value
Test Name	Verify ESS user can delete languages from qualification details	Type	MANUAL
Designer	alm12()	Creation Date	9/6/16
Execution Status	Blocked	Subject	My Info

Description

Verify ESS user can delete languages from qualification details

1.8.1 Design Steps

Step Name	Description	Expected Result
Step 1	Login to ESS user account with valid username and password	login should be successful and dashboard page should be viewed
Step 2	click on My Info Tab	My info module should open
Step 3	click on qualification	qualification page should be viewed
Step 4	select the language to be deleted	language should be selected
Step 5	click on delete	successfully deleted

1.9 Test ID : 50 - Verify ESS user can add multiple languages to qualification details

Field Label	Field Value	Field Label	Field Value
Test Name	Verify ESS user can add multiple languages to qualification details	Type	MANUAL
Designer	alm12()	Creation Date	9/6/16
Execution Status	Failed	Subject	My Info

Description

Verify ESS user can add multiple languages to qualification details

1.9.1 Design Steps

Step Name	Description	Expected Result
Step 1	Login to ESS user account with valid username and password	login should be successfull and dashboard page should be viewed
Step 2	click on My Info Tab	My info module should open
Step 3	click on qualifications	qualifications page should be viewed
Step 4	click on add under language	language details page should open
Step 5	enter language details	language details should be entered
Step 6	click on save	successfully saved
Step 7	redo the step 4 to 7 again to verify multiple language details can be added	multiple language details should be added, successfully saved

1.10 Test ID : 49 - Verify ESS user can delete skills to qualification details

Field Label	Field Value	Field Label	Field Value
Test Name	Verify ESS user can delete skills to qualification details	Type	MANUAL
Designer	alm12()	Creation Date	9/6/16
Execution Status	Blocked	Subject	My Info

Description

Verify ESS user can delete skills to qualification details

1.10.1 Design Steps

Step Name	Description	Expected Result
Step 1	Login to ESS user account with valid username and password	login should be successfull and dashboard page should be viewed
Step 2	click on My Info Tab	My info module should open
Step 3	click on qualification	qualification page should be viewed
Step 4	select the skill to be deleted	skill should be selected
Step 5	click on delete	successfully deleted

1.11 Test ID : 48 - Verify ESS user can add multiple skills to qualification details

Field Label	Field Value	Field Label	Field Value
Test Name	Verify ESS user can add multiple skills to qualification details	Type	MANUAL
Designer	alm12()	Creation Date	9/6/16
Execution Status	Failed	Subject	My Info

Description

Verify ESS user can add multiple skills to qualification details

1.11.1 Design Steps

Step Name	Description	Expected Result
Step 1	Login to ESS user account with valid username and password	login should be successfull and dashboard page should be viewed
Step 2	click on My Info Tab	My info module should open
Step 3	click on qualifications	qualifications page should be viewed
Step 4	click on add under skill	skill details page should open
Step 5	enter skill details	skill details should be entered
Step 6	click on save	successfully saved
Step 7	redo the step 4 to 7 again to verify multiple skill details can be added	multiple skill details should be added, successfully saved

1.12 Test ID : 47 - Verify ESS user can delete education from qualification details

Field Label	Field Value	Field Label	Field Value
Test Name	Verify ESS user can delete education from qualification details	Type	MANUAL
Designer	alm12()	Creation Date	9/6/16
Execution Status	Blocked	Subject	My Info

Description

Verify ESS user can delete education from qualification details

1.12.1 Design Steps

Step Name	Description	Expected Result
Step 1	Login to ESS user account with valid username and	login should be successfull and dashboard page should be

	password	viewed
Step 2	click on My Info Tab	My info module should open
Step 3	click on qualification	qualification page should be viewed
Step 4	select the education to be deleted	education should be selected
Step 5	click on delete	successfully deleted

1.13 Test ID : 46 - Verify ESS user can add multiple education to qualification details

Field Label	Field Value	Field Label	Field Value
Test Name	Verify ESS user can add multiple education to qualification details	Type	MANUAL
Designer	alm12()	Creation Date	9/6/16
Execution Status	Failed	Subject	My Info

Description

Verify ESS user can add multiple education to qualification details

1.13.1 Design Steps

Step Name	Description	Expected Result
Step 1	Login to ESS user account with valid username and password	login should be successful and dashboard page should be viewed
Step 2	click on My Info Tab	My info module should open
Step 3	click on qualifications	qualifications page should be viewed
Step 4	click on add under education	education details page should open
Step 5	enter education details	education details should be entered
Step 6	click on save	successfully saved
Step 7	redo the step 4 to 7 again to verify multiple education details can be added	multiple education details should be added, successfully saved

1.14 Test ID : 45 - Verify ESS user can delete work experience to qualification details

Field Label	Field Value	Field Label	Field Value
Test Name	Verify ESS user can delete work experience to qualification details	Type	MANUAL

Designer	alm12()	Creation Date	9/6/16
Execution Status	Passed	Subject	My Info

Description

Verify ESS user can delete work experience to qualification details

1.14.1 Design Steps

Step Name	Description	Expected Result
Step 1	Login to ESS user account with valid username and password	login should be successfull and dashboard page should be viewed
Step 2	click on My Info Tab	My info module should open
Step 3	click on qualification	qualification page should be viewed
Step 4	select the work experience to be deleted	work experience should be selected
Step 5	click on delete	succesfully deleted

1.15 Test ID : 44 - Verify ESS User Cannot Save Work Experience without Filling the Mandatory Fields (Company, Job Title)

Field Label	Field Value	Field Label	Field Value
Test Name	Verify ESS User Cannot Save Work Experience without Filling the Mandatory Fields (Company, Job Title)	Type	MANUAL
Designer	alm12()	Creation Date	9/6/16
Execution Status	Passed	Subject	My Info

Description

Verify ESS User Cannot Save Work Experience without Filling the Mandatory Fields (Company, Job Title)

1.15.1 Design Steps

Step Name	Description	Expected Result
Step 1	Login to ESS user account with valid username and password	login should be successfull and dashboard page should be viewed
Step 2	click on My Info Tab	My info module should open
Step 3	click on qualifications	qualifications page should be viewed
Step 4	click on add under work experience	work experience details page should open

Step 5	enter work experience details without (company and/or job title)	work experience details should be typed
Step 6	click on save	saving should not be allowed (required)

1.16 Test ID : 43 - Verify ESS user can add multiple work experience to qualification details

Field Label	Field Value	Field Label	Field Value
Test Name	Verify ESS user can add multiple work experience to qualification details	Type	MANUAL
Designer	alm12()	Creation Date	9/6/16
Execution Status	Passed	Subject	My Info

Description
Verify ESS user can add multiple work experience to qualification details

1.16.1 Design Steps

Step Name	Description	Expected Result
Step 1	Login to ESS user account with valid username and password	login should be successfull and dashboard page should be viewed
Step 2	click on My Info Tab	My info module should open
Step 3	click on qualifications	qualifications page should be viewed
Step 4	click on add under work experience	work experience details page should open
Step 5	enter work experience details (company, job title, dates from-to and comment)	work experience details should be typed
Step 6	click on save	successfully saved
Step 7	redo the step 4 to 7 again to verify multiple work experience details can be added	multiple work experience details should be added, successfully saved

1.17 Test ID : 42 - Verify ESS user can view qualification details

Field Label	Field Value	Field Label	Field Value
Test Name	Verify ESS user can view qualification details	Type	MANUAL
Designer	alm12()	Creation Date	9/6/16
Execution Status	Passed	Subject	My Info

Description

Verify ESS user can view qualification details

1.17.1 Design Steps

Step Name	Description	Expected Result
Step 1	Login to ESS user account with valid username and password	login should be successfull and dashboard page should be viewed
Step 2	click on My Info Tab	My info module should open
Step 3	click on qualifications	qualifications page should be viewed

1.18 Test ID : 41 - Verify ESS user cannot edit report-to details

Field Label	Field Value	Field Label	Field Value
Test Name	Verify ESS user cannot edit report-to details	Type	MANUAL
Designer	alm12()	Creation Date	9/6/16
Execution Status	Passed	Subject	My Info

Description

Verify ESS user cannot edit report-to details

1.18.1 Design Steps

Step Name	Description	Expected Result
Step 1	Login to ESS user account with valid username and password	login should be successfull and dashboard page should be viewed
Step 2	click on My Info Tab	My info module should open
Step 3	click on report-to	report-to page should be viewed
Step 4	verify user is not able to edit report-to details	ESS user should not be able to edit report-to details or attachments

1.19 Test ID : 40 - Verify ESS user can view report-to details

Field Label	Field Value	Field Label	Field Value
Test Name	Verify ESS user can view report-to details	Type	MANUAL
Designer	alm12()	Creation Date	9/6/16
Execution Status	Passed	Subject	My Info

Description

Verify ESS user can view report-to details

1.19.1 Design Steps

Step Name	Description	Expected Result
Step 1	Login to ESS user account with valid username and password	login should be successfull and dashboard page should be viewed
Step 2	click on My Info Tab	My info module should open
Step 3	click on report-to	report-to page should be viewed

1.20 Test ID : 39 - Verify ESS user cannot view or edit salary details

Field Label	Field Value	Field Label	Field Value
Test Name	Verify ESS user cannot view or edit salary details	Type	MANUAL
Designer	alm12()	Creation Date	9/6/16
Execution Status	Passed	Subject	My Info

Description

Verify ESS user cannot view or edit salary details

1.20.1 Design Steps

Step Name	Description	Expected Result
Step 1	Login to ESS user account with valid username and password	login should be successfull and dashboard page should be viewed
Step 2	click on My Info Tab	My info module should open
Step 3	click on salary	salary page should be viewed
Step 4	verify ESS user is not able to view or edit salary details	ESS user should not be able to view or edit salary details

1.21 Test ID : 38 - Verify ESS user cannot edit job details

Field Label	Field Value	Field Label	Field Value
Test Name	Verify ESS user cannot edit job details	Type	MANUAL
Designer	alm12()	Creation Date	9/6/16
Execution Status	Passed	Subject	My Info

Description

Verify ESS user cannot edit job details

1.21.1 Design Steps

Step Name	Description	Expected Result
Step 1	Login to ESS user account with valid username and password	login should be successfull and dashboard page should be viewed
Step 2	click on My Info Tab	My info module should open
Step 3	click on job	job page should be viewed
Step 4	verify user is not able to edit	ESS user should not be able to edit job details or attachments

1.22 Test ID : 37 - Verify ESS user can view job details

Field Label	Field Value	Field Label	Field Value
Test Name	Verify ESS user can view job details	Type	MANUAL
Designer	alm12()	Creation Date	9/6/16
Execution Status	Passed	Subject	My Info

Description

Verify ESS user can view job details

1.22.1 Design Steps

Step Name	Description	Expected Result
Step 1	Login to ESS user account with valid username and password	login should be successfull and dashboard page should be viewed
Step 2	click on My Info Tab	My info module should open
Step 3	click on job	job page should be viewed

1.23 Test ID : 36 - Verify ESS user can delete attachments from immigration

Field Label	Field Value	Field Label	Field Value
Test Name	Verify ESS user can delete attachments from immigration	Type	MANUAL
Designer	alm12()	Creation Date	9/6/16
Execution Status	Passed	Subject	My Info

Description

Verify ESS user can delete attachments from immigration

1.23.1 Design Steps

Step Name	Description	Expected Result
Step 1	Login to ESS user account with valid username and password	login should be successfull and dashboard page should be viewed
Step 2	click on My Info Tab	My info module should open
Step 3	click on immigration	immigration page should be viewed
Step 4	select the attachment to be deleted	attachment should be selected
Step 5	click on delete	successfully deleted

1.24 Test ID : 35 - Verify ESS user can add attachments and write comment to immigration

Field Label	Field Value	Field Label	Field Value
Test Name	Verify ESS user can add attachments and write comment to immigration	Type	MANUAL
Designer	alm12()	Creation Date	9/6/16
Execution Status	Passed	Subject	My Info

Description

Verify ESS user can add attachments and write comment to immigration

1.24.1 Design Steps

Step Name	Description	Expected Result
Step 1	Login to ESS user account with valid username and password	login should be successfull and dashboard page should be viewed
Step 2	click on My Info Tab	My info module should open
Step 3	click on immigration	immigration page should be viewed
Step 4	click on add button under attachments	choose file window should open
Step 5	click on choose file	file search window should open
Step 6	select the file under 1MB size	file selecting should be done
Step 7	write a comment	comment should be typed
Step 8	click on upload button	Successfully uploaded

1.25 Test ID : 34 - Verify ESS user can delete immigration details

Field Label	Field Value	Field Label	Field Value
Test Name	Verify ESS user can delete immigration details	Type	MANUAL
Designer	alm12()	Creation Date	9/6/16
Execution Status	Passed	Subject	My Info

Description

Verify ESS user can delete immigration details

1.25.1 Design Steps

Step Name	Description	Expected Result
Step 1	Login to ESS user account with valid username and password	login should be successfull and dashboard page should be viewed
Step 2	click on My Info Tab	My info module should open
Step 3	click on immigration	immigration page should be viewed
Step 4	select the immigration detail to be deleted	immigration detail should be selected
Step 5	click on delete	succesfully deleted

1.26 Test ID : 33 - Verify ESS user cannot save immigration details without filling up the mandatory fields

Field Label	Field Value	Field Label	Field Value
Test Name	Verify ESS user cannot save immigration details without filling up the mandatory fields	Type	MANUAL
Designer	alm12()	Creation Date	9/6/16
Execution Status	Passed	Subject	My Info

Description

Verify ESS user cannot save immigration details without filling up the mandatory fields

1.26.1 Design Steps

Step Name	Description	Expected Result
Step 1	Login to ESS user account with valid username and password	login should be successfull and dashboard page should be viewed
Step 2	click on My Info Tab	My info module should open

Step 3	click on immigration	immigration page should be viewed
Step 4	click on add	immigration details page should open
Step 5	click on save without entering "document type (Passport or Visa), passport or visa number"	saving should not be allowed (required)

1.27 Test ID : 32 - Verify ESS user can add multiple immigration details

Field Label	Field Value	Field Label	Field Value
Test Name	Verify ESS user can add multiple immigration details	Type	MANUAL
Designer	alm12()	Creation Date	9/6/16
Execution Status	Passed	Subject	My Info

Description

Verify ESS user can add multiple immigration details

1.27.1 Design Steps

Step Name	Description	Expected Result
Step 1	Login to ESS user account with valid username and password	login should be successfull and dashboard page should be viewed
Step 2	click on My Info Tab	My info module should open
